

Home Brew Party Gift Ideas for the Experienced Brewer

The number one upgrade for the experienced brewer! Allows you to make better beer in less time by chilling your wort.

\$69.99 plus tax

Kegging equipment is probably the most desired of all brewing upgrades. Complete set-ups start at around

~\$150-200

plus tax depending on regulator type and size of the CO2 tank. Our staff can help you select the perfect kegging set-up for your special brewer.

Thermostats allow the homebrewer to precisely control temperatures, allowing greater versatility and precision in brewing authentic beer styles, especially lager beer. Turns a freezer or refrigerator into a lagering frig.

Analog \$69.99 plus tax

Digital (pictured) \$99.99 plus tax

If you're a serious All-Grain brewer, you need your own mill. Whether it's a Corona mill like the one on the left, or a double roller mill like the one on the right, both are adjustable for a custom grind. ← Corona mill with 1 lb hopper

\$51.99 plus tax

Barley Crusher mill with 15 lb → hopper.

\$140.00 plus tax

Home Brew Party Gift Ideas for the Experienced Brewer
